

May 26, 2004

Dear Chairman Davies,

I apologize for writing this note on the same day as the Senior Center public hearing. It is my intention to attend this evening.

I will be supporting the Mayhew Street access for three reasons -

1) The Mayhew Street access to the Senior Center will provide a more direct, wider, and safer route for people visiting the Center from areas other than Davis Road.

2) The Mayhew Street access will give the residents of Davis Road the ability to get to Main Street in without having to use Summer Street. The Summer Street/Main Street intersection is notorious for it's poor line of sight and poor turning radius. The residents of Davis Road have long lobbied for another, safer, way out of their neighborhood.

3) The Mayhew Street access will provide a second access for emergency vehicles if the first driveway were blocked for whatever reason.

Thank you for considering my input and I will see you this evening.

Sincerely,

Thomas Irvin
Chief of Police
