Re: Fruit Street ZBA Notice of Imposition of Consultant Review Fee

At the Board of Health's regularly scheduled meeting on 10/6/05, the imposition of the \$500 fee for the Fruit Street Appeal of Administration Decision was discussed.

Currently the Board of Health does not have a budget line item of \$500 to pay such expenditures. The BOH does have some funds in a 53E account. However, those funds cannot be used to pay for this type project.

The BOH would appreciate the opportunity to participate in this important discussion regarding the future uses allowed on the Fruit Street Property as they affect the health and well being of the community.
